Select Slide to Edit

The screenshot displays the 'Select Slide to Edit' interface. It features a grid of slide thumbnails, each with a title, a small image, and a list of metadata fields. A search overlay is positioned in the center, containing a search bar and several filter categories: Class, Era, Room, Subject, Audience, and Language. A 'Search' button is located at the bottom of the overlay. An arrow points from the text 'Search criteria to deteriorate the search range and help the user.' to the search overlay. In the bottom left corner, a 'Search' button is highlighted with a dashed box, and an arrow points from the text 'Live search button for slide selection.' to it.
